ANNUAL MAGAZINE OF GRADE FOUR STUDENTS

This magazine can be downloaded from the college web. www.thurstan-college.net

From the teacher in charge...

The magazine "creative Kids" is a proud product of grade four students of Thurstan College, Colombo. It is all hand-written, not a single word is printed. It has provided a chance to improve their writing skill. Although the students know the facts they find it difficult to present them in English. The aim of this magazine is to promote creative thinking and writing ability of students. The idea behind the hand written instead of printing is to encourage students for legible hand writing at very young age.

I earnestly request you to seize the opportunities given to you and weapon with knowledge of English to move with the global village with confidence.

I take this opportunity to thank the principal and grade four class teachers who inspired me to produce this magazine.

I wish you every success.

Anoma Gamage.

(Teacher in English of all Gr 4 classes)

Our special thanks to;

- * Mr. Ajith prasanna (father of Mihira Sankalpa of 4C) for laminating the articles.
- * Miss Nadina Sanjeevika Sudasingle (aunt of K.A.D. Sadeepa chamod of 4A) for laminating the articles at her N.S.S. Graphics, Mt. Lavinia.
- * Mr. Ajith Wickramasinghe; a member of the college old boys' Association.

The College Emblem

The College Emblem or Logo is circular in design. There are three precise outer circles in the three College colours. The National Lion Emblem is on the top and the College motto is at the bottom.

The traditional brass oil lamp with two lighted wicks indicates wisdom and discipline.

The petals depict the cultural and artistic component whereas the three circles depict the Mathematics, Scientific and Technological Components of the school curriculum. The motto, "Lead me from darkness to light" shows the main objective of the school.

The college Flag - .

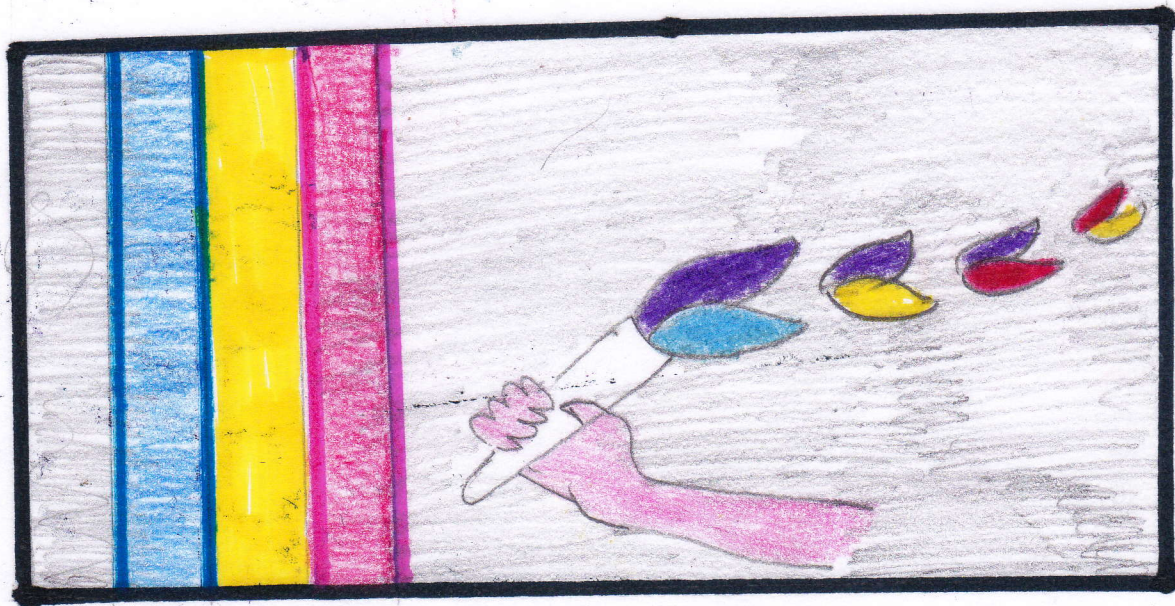

The college flag is consisted of three rectangular colour strips.

They are in the order of blue, gold (yellow) and red.

The college colours were decided by the first principal of the Thurston college, Earle Shockman. The colour blue represents the nature, yellow or gold denotes the prosperity, whereas red represents the energetic young men. Our college flag is very beautiful.

College Sports Flag.

Our college sports flag is rectangular in shape. The background is grey. At the left hand side there are three vertical stripes of college colours. A hand holding an Olympic torch that flames house colours from left to right of the flag; Denham, Macrae, Robison, Sandman.

It was designed by a Thurstan old ^{boy} ~~man~~, Mr. Anura Siriwardhana. It was issued on 18th February 2000 at Thurstan playground at Colombo-7

Our Principal

Our principal is Col. Y.A. N.D. Yapa. He is the 13th principal of our school. He is at the school gate every morning and checks our uniforms. He guides the staff and the students well. He wears a long-sleeved white shirt, a tie, a white coat, a long white trousers and black shoes. He punishes us when we do faults. He addresses us at the morning assembly. He maintains the high standard of discipline in the school. He mobilizes all resources to develop our school. We respect our Principal.

The Sun

Rising from the east
Setting from the west
Round and very hot
What could this be?

It has many rays
And has a circular face
This gives thirst face
Who could this be?

It is close to the earth
And gives the days a birth
With bare eyes we can't see
What could it be?

It is circular and orange
And we can't count its age
Now what could this be?
Yes! It is the sun
